St. Catharine's School for Girls

Mission of the School

To deliver quality education to students, making them virtuous,
all-round and knowledgeable

Our Vision

We educate our students to:

- attain excellence in conduct and academic results
- be equally good at work and play
- be consciously aware of the world around them
- be concerned about the community
- be good followers of Christ
- be in line with The Truth

Aims of Education

We believe God created man and endowed all individuals with various gifts and potentials, and the aim of education is to help everyone understand and bring out the best in themselves, enabling them to equip themselves with the following attributes:

1. A knowledge of **self-worth** and the understanding that each person has his own place in the universe.
2. A correct and **balanced** value judgement.
3. A clear concept of right and wrong; a sense of **social justice** and an obligation to ensure that these principles are being upheld.
4. A strong desire to build a fair and **orderly** society.
5. A willingness to shoulder family and social **responsibilities**.
6. Respect for others' **dignity** regardless of their social standing.
7. Respect for every individual's **right** to freedom in society; not to deprive others' freedom for your own sake, and vice-versa.
8. An ability to **empathise** with others and share their feelings objectively.
9. An ability to build up **harmonious relationship** and co-operate with others in all circumstances.
10. A sense of **proactiveness, independence, self-discipline, self-respect** and **unselfishness**.
11. A **loyal, trustworthy, magnanimous** and **sincere** character.
12. **Appreciation** of nature, culture and art.
13. An ability to think **logically, critically** and **independently**.
14. An **inquisitive** mind so as to pursue truth and knowledge.
15. A reasonable standard of language proficiency that enables one to **communicate** effectively with others.
16. **Common sense** to respond to daily issues and the ability to develop a deeper understanding of them.

教育的目標

我們相信上帝造人，並賦予人有不同的恩賜與潛能；教育的目的，是幫助每一個人發掘、了解、發展及培育自己的天賦與能力，並使自己具備以下之質素：

1. 了解到每一個人均有其價值，並在宇宙中有其地位。
2. 培養一個正確的，平衡的價值觀。
3. 對是非黑白有明確的觀念，關懷社會公義，並盡一己之責以監察社會公義之實踐。
4. 有強烈的願望去建立公正而有秩序之社會。
5. 願意承當與分擔每一個人在家庭裏與社會中應盡的責任與義務。
6. 尊重並承認每一個人——無論貧富——皆有人的尊嚴。
7. 尊重自己及任何一個其他人的自由與獨立性，絕不以一己的自由妨害其他人的自由，亦不容許相反情形發生。
8. 對別人有適度的同感性，能以客觀的態度了解他人的感受。
9. 能在任何環境中，皆與人建立和諧的關係，互相交往及合作。
10. 能自覺、自立、自律、自重而不自私。
11. 忠誠可靠，對人寬大誠懇。
12. 對自然、文化與藝術均能培養一種鑑賞的能力。
13. 有邏輯性與批判性的獨立思考能力。
14. 有適度的好奇心，能客觀地格物致知，並能對所知之事物作合理的分析與評價。
15. 有與別人溝通的能力，並有足夠的語言文字的表達技巧。
16. 有足夠的常識理解一般周圍發生的事物，並知曉以何種途徑繼續充實自己。

2019/2020 School Major Concerns (in order of priority)

1. To further enhance students' and teachers' capacity for life-long learning.
2. To further strengthen students' positive values through the acquisition of life planning skills.

Principal's Report 2019-20

Review of Major Concerns (Achievements and Reflections)

- Readers of this report are asked to refer to the individual Annual Reports of the various Panels and Functional Groups of the school for a more detailed review of the Major Concerns for the 1st year of this SDP cycle (i.e. 2018/19 – 2020/21).
- The Major Concerns for 2019/20 are reviewed in sum as follows (in order of priority):

Priority 1: To further enhance students' and teachers' capacity for life-long learning.

1.1 Students: To further enhanced students' self-directed learning through reading

1.1.1 Curriculum

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
<ul style="list-style-type: none"> • Teachers were encouraged to include reading elements in homework or pre-lesson tasks. 	<ul style="list-style-type: none"> • The strategies were implemented in most subject panels. • Students' reading competence was reinforced.
<ul style="list-style-type: none"> • Panel heads were encouraged to recommend suitable reading resources, in both hardcopy and electronic format, to be equipped by the school library. 	<ul style="list-style-type: none"> • Obsolete books were written-off. New books were purchased, and new e-resources were subscribed to.

1.1.2 School Activities

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
<ul style="list-style-type: none"> • Assemblies, Form Teacher periods and subject lessons were organized to promote "Reading to learn" as one of the strategies to enhance life-long learning capabilities of students. 	<ul style="list-style-type: none"> • Students were constantly reminded of the benefits of reading. Form teachers and subject teachers kept reminding students of the great importance of life-long learning. • As reported from teachers, students became more enthusiastic and interested in their learning. A positive learning atmosphere was created in most of the forms. • Students found reading interesting and helpful to their studies.

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
<ul style="list-style-type: none"> It was planned that various reading activities to be organized by the school library to nurture students to become self-directed learners. Unfortunately, most of the activities were cancelled because of the class suspension caused by COVID-19. (Please refer to the annual report of the Library for details.) 	<ul style="list-style-type: none"> The activities will be held in the coming school years.
<ul style="list-style-type: none"> Current news sharing was organized in English during the Reading Time every Monday. Articles with English usage highlights of the above-mentioned sharing was provided on Tuesday. 	<ul style="list-style-type: none"> As the implementation was greatly affected by class suspension, survey for evaluation was not done.
<ul style="list-style-type: none"> Thematic reading for F.2 and F.3 during reading time on selected Fridays. Thematic reading using iPad for F.1 during Reading Time every Tuesday. 	<ul style="list-style-type: none"> Over 80% of the students found the length of the reading materials suitable. They were able to understand the content of the reading materials, have learnt new vocabulary items/concepts, have their horizons broadened and their learning in the related areas motivated by reading materials. F.1 students' reading was enriched with i-Learner Cross Curricular Reading. All F.1 students were subscribed to the reading e-platform. They were asked to read the articles on the i-Learner platform on their iPad every Tuesday during reading time. According to the survey results, over 70% of the students found that the articles interesting and easy to understand.
<ul style="list-style-type: none"> A F.4 OLE Day was planned in July for students on local heritage preservation. Students would have researched on the heritage that they visited and exchanged information among group members. Their reading skills and research skills were expected to be enhanced through this activity. 	<ul style="list-style-type: none"> Due to the threat of COVID-19, all school activities were suspended. It is suggested the cultural heritage visits could be organized next year.
<ul style="list-style-type: none"> Publication of students' writing. 	<ul style="list-style-type: none"> Due to the threat of COVID-19, the publication needs to be suspended. It is suggested the publication of LAC magazine and “靈聲” could be done next year.

1.2 Teachers: To foster ongoing professional development for teachers

1.2.1 Individual Level

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
<ul style="list-style-type: none"> The school-based teacher CPD programme is under implementation. Teachers are expected to take at least 6 CPD hours courses in the structure mode domain (i.e. the learning and teaching or student development courses) and the other mode domain (e.g. CLP, peer observation) in a 3-year cycle. This year is the 2nd year of the cycle. 	<ul style="list-style-type: none"> All record forms were collected on time this year. The Continuing Professional Development progress of individual teachers will be closely monitored during the 3-year cycle. Due to the pandemic, many professional training courses were cancelled. A special arrangement needs to be made and the requirement of this 3-year plan needs to be adjusted.

1.2.2 Departmental Level

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
<ul style="list-style-type: none"> All English teachers participated in either Common Lesson Preparation or Peer Lesson Observation. 	<ul style="list-style-type: none"> The peer lesson observation was postponed to the next school year due to class suspension. 100% of the teachers agreed that the sharing of good practices on e-learning was useful. For example, teacher shared the use of Kahoot on certain grammar items or the teaching of the Reader book.
<ul style="list-style-type: none"> All LS teachers participated in Common Lesson Preparation but the Thematic Lesson Observation was postponed to the next school year due to class suspension. 	<ul style="list-style-type: none"> The group leaders led the discussion during the Common Lesson Preparation and helped teachers choose suitable teaching materials according to students' capacity. In addition, the panel head led the panel members to discuss the teaching plan of e-learning and the key points of the subject papers set in the DSE. All the above materials were saved in the school server for teachers' reference.
<ul style="list-style-type: none"> The focus on reading / use of e-learning strategies is maintained in the Collaborative Lesson Planning (CLP). This 2-year cycle should have been completed in 2020. 	<ul style="list-style-type: none"> This 2-year cycle of the Collaborative Lesson Planning (CLP) was extended to 3-year due to class suspension. It is expected to be completed in 2021.

1.2.3 School Level

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
<ul style="list-style-type: none"> Course materials of professional development activities attended by individual with topics on e-learning, reading and students with special educational needs in 2019-20 were saved to the school drive so as to promote positive professional sharing and create a collaborative environment in three tiers (school level, subject panel/functional group level and individual level). 	<ul style="list-style-type: none"> A sharing platform has been opened in the school drive to promote positive professional sharing and create a collaborative environment in school. Some materials with topics on classroom management have been collected and uploaded to the school drive. Teachers could access these useful materials easily. It is suggested that the platform can be used continuously.
<ul style="list-style-type: none"> A workshop was planned to equip teachers with various teaching and e-learning strategies in helping students develop self-directed learning. 	<ul style="list-style-type: none"> It was cancelled due to class suspension. It is suggested that the workshop will be carried out in the coming school year.
<ul style="list-style-type: none"> To promote self-directed learning through reading and provide teachers with staff development information, reference books were kept on the book shelves on 1/F. Posters and pamphlets about courses related to teachers' CPD were posted on the notice board outside the staff rooms. 	<ul style="list-style-type: none"> It is suggested that the promotion of the teachers' book corner should be made by sending messages to remind colleagues from time to time or during staff meeting. All staff members were well-informed with the SD information by mainly two means: <ul style="list-style-type: none"> ➤ School intranet ➤ Notice board outside the staff rooms.

Priority 2: To further strengthen students' positive values through the acquisition of life planning skills.

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
<ul style="list-style-type: none"> The messages in developing positive values were conveyed to students during assemblies, Form Teacher periods and Morning Prayer. 	<ul style="list-style-type: none"> Positive feedback was received from most of the teachers and students. Students respect and appreciate each other. Students' strengths in terms of temperance, interpersonal relationships and intellectual effort were enhanced.
<ul style="list-style-type: none"> The theme song "I would be true" was used in line with this year's Moral Education focus during assemblies. 	<ul style="list-style-type: none"> There were assemblies held during the first school term only due to the pandemic situation. Teachers and students had few chances to sing the hymn.

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
<ul style="list-style-type: none"> Students' spiritual well-being was developed through formal curriculum in the Religious and Life Education. 	<ul style="list-style-type: none"> A harmonious learning atmosphere has been established in the school. Students learnt to show their enthusiasm for their life & study even when they face the challenges of COVID-19. The arrangement was to ensure that students could manage their life appropriately. The attitudes they showed in their discipline & learning aspects proved that the curriculum was effective. It is proven that Religious Education and Life Education are conducive to students' growth.
<ul style="list-style-type: none"> A F.4 leadership camp was organized in September to promote the virtue of 'integrity'. 	<ul style="list-style-type: none"> The leadership camp for F.4 students to prepare them for the roles as student leaders was successfully held in the BGCA Bradbury Camp from 4th - 6th Sept, 2019 for classes M & Ma and 11th - 13th Sept, 2019 for classes D, P & Pe. The camp aimed at developing students' leadership skills and developing better team spirit among the students. The programs of the camp were planned with the right level of challenge for the students. The results were encouraging. 91.7% of the students agreed that the camp helped them cultivate their virtue of integrity. 82.7% of them found that camp useful in preparing them for better leadership roles. In general, the students gave an overwhelming response to the camp. 'The camp inspired me the importance of teamwork and cooperation.' 'The camp boosted my confidence and I am now more ready to take up challenges.' The camp was a collaborative program of the CCA, Discipline & Counseling Committees. Teachers' participation and involvement in the camps was highly appreciated by the students. Teacher-student relationship was greatly enhanced.

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
<ul style="list-style-type: none"> Only a few social service opportunities were provided for students to learn the virtues of “to serve but not to be served” as all activities needed to be cancelled due to the social incident and the epidemic. 	<ul style="list-style-type: none"> It is suggested that more social service opportunities should be provided in the next school year. During this difficult time, students from the Guidance Service Team arranged schoolmates to write some words of encouragement, making them as a video clip and sent it to the medical staff of the United Christian Hospital. It is evident that our students will try every effort to serve others when they get a chance.
<ul style="list-style-type: none"> Two job simulation training workshops were organized for F.2 students to provide them with hands-on experience about different scenarios of selected categories of job and frameworks for students to further explore specific jobs. 	<ul style="list-style-type: none"> A large majority (94%) of students agreed that they had a better understanding on the nature, attitude and quality required of different occupations. A large majority (96%) of students found that the trainers were professional, friendly and were satisfied with his/her teaching. Students became more concerned about life planning and understood their own abilities, strengths and interests.
<ul style="list-style-type: none"> The Career Group (student’s committee) planned to organize a career stimulation game for F.4 students 	<ul style="list-style-type: none"> Due to the pandemic and class suspension, the F.4 career stimulation game was cancelled.
<ul style="list-style-type: none"> F.5 students participated in the Career Live programme which organized by The Youth Career Center. The organization provided a realistic and diversified working environment, in which students engaged in experiential learning with professional equipment. Students were also engaged in group debriefing, in which they reflected on their own interest, ability and gains, thus they were able to set up a unique goal in life planning. 	<ul style="list-style-type: none"> 96.77% of the students agreed that they had a deeper understanding of job nature and requirements in different types of jobs.

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
<ul style="list-style-type: none"> • The QEF project which jointly organized by the school and the Christian Family Service Centre YOU CAN-Potential Exploration Unit were carried out. <ul style="list-style-type: none"> ➤ Class-based workshop ➤ Thematic activity ➤ Personal growth group 	<ul style="list-style-type: none"> • More than 85% of the participants agreed that the programme enhanced their personal growth. • More than 85% of the participants agreed that the programme improved their problem solving skills. • The data listed above was obtained from evaluation on the class-based workshop. • Most of the sessions of thematic activity and all personal growth group were postponed to 2020-21 as school suspension persisted in the second term. • Since the pandemic persisted, e-platform would be used for implementing some of the programmes.
<ul style="list-style-type: none"> • The Student Support Team led by the SENCo was set up and more comprehensive support for students with special educational needs was provided. 	<ul style="list-style-type: none"> • The assistance rendered to the needy students is more comprehensive. • Positive feedback was received from the students and the parents concerned. (Please refer to the AR of the Student Support Team (SST) 2019/20 for details.)
<ul style="list-style-type: none"> • Activities were planned for students to get exposed to positive life attitudes and strengthen their moral sense in integrity. However, due to the prolonged period of class suspension, there were great challenges for the teacher advisors and student leaders in planning appropriate activities and hardly could students develop their interest and enjoy school life. 	<ul style="list-style-type: none"> • In general, the teacher advisors are satisfied with the performance of the students with 97.3 %. This figure is slightly higher than that of the previous year (94.7%). However, with class suspension from Jan 2020 – May 2020, fewer club meetings were held with only 9 & 10 club meetings for junior forms & senior forms respectively. • 59 clubs or houses were arranged during and beyond the activity periods to organize a variety of activities for students to develop their interest and realize their talents. Only one of them was new, namely Makers & Robot Club. Throughout the year, less than 20 activities were held by different groups and clubs for the students to enrich their school life. This figure is far from satisfactory with class suspension in both school terms. These posed great challenges for the teacher advisors and student leaders in planning appropriate activities and hardly could students develop their interest and enjoy school life.

Achievements (& Programme Implementation)	Reflections (& Programme Evaluation)
	<ul style="list-style-type: none"> • It was planned to have different demonstrations in assembly and post-examination period, such as Chinese Opera, kickboxing and self-defensive skills. However, with class suspension, all these were cancelled. All these are suggested for next year. • During the class suspension period, some clubs, such as Catz' Jump and Korean Club introduced Zoom lessons introducing the techniques of rope skipping and conducting language lessons. It might be quite difficult to arouse the interest of students but it might be an alternative strategy to some clubs if face-to-face lessons are really impossible.
<ul style="list-style-type: none"> • Students seldom got chances to join activities / competitions / talks / workshops due to the social incident and the pandemic. All study tours were cancelled as well. 	<ul style="list-style-type: none"> • It is expected that students could join various activities and competitions in the next school year.
<ul style="list-style-type: none"> • The 3-hour seminar on the topic of understanding mental health and developing positive self-image was cancelled due to school suspension. 	<ul style="list-style-type: none"> • The QEF project “Create our Joy Space--Joyful@School Application” will be carried out in the next school year.
<ul style="list-style-type: none"> • A day tour was arranged to visit the revitalized heritage in The Mills and Tai Kwun in Dec. 2019. 	<ul style="list-style-type: none"> • The feedback from colleagues for this activity was encouraging. Over 83% of the staff was satisfied with the event. • Teachers were enriched with the history and heritage preservation project of The Mills and Tai Kwun. It helps them equip themselves to develop students' positive value for life planning and concern for community as well. • Some colleagues suggested future outings to be arranged in December as the weather is cooler and more stable.

St. Catharine's School for Girls

Report on the Use of the Promotion of Reading Grant (EDB) (2019-2020)

1. Objective

- 1.1 To enrich the library collection after the renovation of the school library.
- 1.2 To enrich students' English language learning through article reading and e-book reading.

2. Tasks

- 2.1 Subscription of web-based reading platforms
- 2.2 Procurement of Printed books

3. Reviews of the proposals

The reviews of the proposals for different uses of the grant are as follows:

Tasks	Success criteria	Evaluation
Subscription of web-based reading platforms <ul style="list-style-type: none"> • The items procured are as follows: <ul style="list-style-type: none"> ➤ English e-book platforms: Rosen e-books (via epointplus) ➤ Chinese e-book platforms: eRead Scheme (provided by HKedCity) 	<ul style="list-style-type: none"> • 50% of the students read the eBooks borrowed. 	<ul style="list-style-type: none"> • Rosen e-books: There is not sufficient time for the promotion of this e-book platform, as it was launch just before the school suspension. Thus, the promotion strategy is needed to be strengthened. • eRead Scheme: Twelve students read the eBooks borrowed, as those who finished less than 40% of the book borrowed are not counted. However, some students read more than one book on the platform.
Procurement of printed books <ul style="list-style-type: none"> • Purchase a wide variety of fiction and non-fiction texts of different disciplines and encourage our students to borrow them through regular reading promotions. 	<ul style="list-style-type: none"> • Top 3 awardees read more than 100 books with different categories. 	<ul style="list-style-type: none"> • This target cannot be met because of the school suspension; students cannot borrow books from the school library.
